@KINGHS

# Welcome Letter

Dear participating Bands and Patrons:

On Behalf of the King High School Music Program, we welcome you to 26th annual Lion's Pride Marching Competition. Our goal is for participating bands to use this competition-based festival as a forum through which their progress can be assessed.

Seven judges in six specific categories on a 100-point scale score each band's performance. Through this process the judges select the best auxiliary, percussion, and drum majors in each division, the third second and first place band in each division, and a third place second place and grand champion for the entire competition. Bands also receive a plaque for overall superior ratings and for superior ratings in the captions of percussion, auxiliary, and drum major.

As we kick-off our 26th successful festival, we wish all the participating bands the best of luck. We also want to extend our thanks to you, the spectators, for your enthusiastic support of every band performing here tonight. Thank you for choosing Lion's Pride 2023 and enjoy the show.

## DRE GRAHAM

Dr. Dakeyan Chá Dré Graham (Dr. Dré) currently advocates for student, educator, and parent empowerment and opportunity as the Director of Educational Equity and Outreach for Alachua County Public Schools. He actively travels the nation delivering keynote speeches, professional development seminars, and workshops in the educational, instructional, musical, and DEIA (Diversity, Equity, Inclusion, and Access) spaces. He is also widely sought out as a music clinician, having worked with band and orchestra students and ensembles across the southeastern United States. At the start of his educational career, he served as the Director of Instrumental Studies at his alma mater, C. Leon King High School in Tampa, FL, for 11 years. During this tenure, he was blessed to teach within a classroom that personified the very

definition of diversity. Through the lens of his multicultural student body, Dr. Dré gained incredible perspective on the significance of intentional, focused, equitable educational experiences and opportunities for ALL students! It was this emphasis on cultivating an environment of belonging, acceptance, tenacity, perseverance, ownership, and independence that ultimately elevated him to being selected as the 2020 Florida Teacher of the Year and Christa McAuliffe Ambassador for Education. Along with this acknowledgment came a platform for his perspective; one that places the needs of ALL students at the foundation of EVERY educational thought: Not only does every student contain the potential for success, but they ALL deserve an equitable educational experience tailored to their specific needs, desires, and goals in order to pursue the best version of themselves.

Dr. Graham holds Bachelor's and Master's Degrees in Music Education (University of Florida), a Master's in Educational Leadership (Concordia University), a Ph.D. in Music Education (University of South Florida), an Ed.D. in Learning Design and Performance Technology (Florida State University) and a Doctorate of Musical Arts in Instrumental Conducting (University of Florida).

Dr. Graham is blessed to share life with his wife, Casey (also an educator), and daughter, Aaliyah.
